

A photograph of an outdoor lounge area set in a grassy field with a mountain range in the background. The furniture includes a white sofa with beige cushions, a round wooden coffee table, a wicker armchair, and a small wicker basket. The scene is bathed in the warm, golden light of a sunset or sunrise.

COLLECTION 2025

Living the good life outside with family and friends, is the very core of our family brand. We feel privileged continuing the heritage of our father Lode and grandfather Henri, who laid the foundations of a shifting lifestyle towards a luxury outdoor living experience.

It is the life we love to live: stepping outside into the garden, taking moments to relax and reconnect, experiencing the beauty and strength of nature.

We are thrilled to create outdoor spaces that bring you the same sense of peace - with timeless designs that truly feel of nature, where every moment spent feels like a holiday. Live it, love it, share it.

Have a wonderful outdoor year.

Koen and Tom

ELIO

YABU PUSHELBERG

Referring to the Greek sun god Helios, Elio reflects the movement of light across landscapes and objects throughout the day. Its handwoven seats, side, and backrests in weather-resistant Tricord rope echo the hues of the natural light, forming a warm, intimate cocoon. The new elements' modular back- and armrest options invite personalized compositions, making each piece uniquely yours. Every element is crafted to prioritize comfort and versatility, blending organic shapes with modern sophistication.

SURO

CHRISTOPHE DELCOURT

Suro's sophisticated material combination creates a comfortable and inviting cocoon-like seat reminiscent of flower petals. The wood or aluminium frame adds simplicity and solidity to the seat's structure, while the weave of the round fiber backrest provides embracing comfort. Delcourt's approach resembles a sculptor's, perfectly blending form and function to create a timeless refined design.

AMANU

YABU PUSHELBERG

The refined Amanu collection brings interior quality outside, merging comfort and sustainability in a design that exudes purity. The dining chairs' distinct woven, hemp-based sling seats appear to float effortlessly within the sleek teak frame. Central to the new Amanu ensemble is the signature three-seat sofa with generously spacious seating. The collection's new daybed offers a refined retreat for basking in the sunlight or stargazing under the night sky. A selection of variously shaped coffee tables completes the collection.

LUCCA

STUDIO SEGERS

From the graceful silhouette of the armchairs and lounge chairs, inspired by Japanese calligraphy strokes, to the sophisticated woven textile bands paying homage to Southern braiding techniques - each element of Lucca is infused with heartfelt attention to detail. The soft fibre's core offers a gentle stretch for enhanced comfort while sinking into its cushions. Lucca's dining table stands as a timeless centrepiece, its shield-shaped supports and rounded ceramic top embodying understated elegance.

CESTA

MONICA ARMANI

Distinguished by clean lines and minimal adornment, the refined and ethereal weave of Cesta's back- and armrests play the starring role. The sumptuous cushioning complements its sleek frame, while a sophisticated built-in mechanism grants gentle movement from side to side, making it perfect for relaxed gatherings and intimate conversations.

NODI

YABU PUSHELBERG

Light and airy, the Nodi collection's form and silhouette are characterised by twisted, interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the chair's arm is angled slightly inward in a welcoming gesture while the extra-soft cushions of the modular Nodi sofa are simply made for laid-back lounging.

SENJA

STUDIO SEGERS

Curl up and relax on the Senja sofa. Combine a one-, two- or three-seater module with high or low arms and keep everything you need to hand with an integrated side table. Complementing the sofa, the Senja lounge offers pure comfort, with soft, voluminous cushions and an optional full-length teak side table. The light design of the Senja chairs, combined with the rhythm of the tightly stretched weave in hemp-based Canax® creates a perfect symbiosis between aesthetics and functionality.

VIS À VIS

PIERGIORGIO CAZZANIGA

The starting point for the Vis à Vis collection were the loungers created by Cazzaniga, whose aim was to encourage communication in a relaxed atmosphere. The integrated table is designed in a way that two loungers fit into each other and thanks to the flexible bed base, they can be arranged so you lie face to face or alongside each other. The square slats of the side table are repeated in the table top of the dining table and the floating platforms of the modular sofa system, whose comfortable cushions are held in place with invisible supports. Side tables and borders can be added to personalise the look.

TOSCA

MONICA ARMANI

Tosca is the perfect mix of innovation and beauty, a collection as inviting to curl up in as it is intriguing to look at. The giant weave in hi-tech 'knitting', soft to the touch and completely weather-resistant, is complimented by slim legs in powder coated stainless steel. The soft, tonal contrasts between weave and frame adds to the discreet luxury.

UKIYO

MONICA ARMANI

After visiting Japan, designer Monica Armani was inspired by its culture and writing system. Delicate yet uniquely shaped brushstrokes shape a world of stories and tales, as does the Ukiyo collection, effortlessly balancing elegance, design and comfort. Each collection piece perfectly blends in with nature while remaining etched into the view and your memory, its meticulous design telling a story of outdoor pleasure.

MOOD

STUDIO SEGERS

Combining the natural beauty of high-quality plantation teak with a weave in refined, soft to the touch Tricord, the Mood collection is styled with informal comfort and elegance. The supple, weather resistant Tricord straps are handwoven around curved aluminium back frames, complementing the glow of precision-cut teak, finished with gently rounded corners.

NOMAD

MONICA ARMANI

Nomad represents 'noble teak wood' for its warmth, smoothness and strength. Slender legs and contoured armrests give its profile a certain elegance. Tailored cushions add luxury and comfort to its uniquely curved. Nomad, like its name, works well wherever it is placed.

CTR

PIERGIORGIO CAZZANIGA

The CTR collection is characterized by a tube in powder coated stainless steel that follows its outline in one continuous line. With a lightness of touch the open weave of the backrest appears to float unsuspended around the upholstered seat. The CTR collection is a complex design created with an effortless, relaxed style.

BRANCH

LIEVORE ALTHERR MOLINA

Just as sunlight filters through the branches of a tree, so it illuminates the Branch collection. Slender legs and lattice seats give Branch a lightness and delicacy, while the clever design and hi-tech materials make the collection highly comfortable and durable. “Branch strengthens the emotional connection with nature. It creates a feeling of respect and fascination with the natural environment,” says designer Molina.

KOS / PURE

STUDIO SEGERS / ANDREI MUNTEANU

The Kos and Pure sofa collection share the warmth of smooth Javanese plantation teak and a clean, simple design. The gentle curve of the Kos chairs and their deep seats provide an excellent seating comfort. The finely balanced proportions of the Pure sofa are offset by soft, deep sofa cushions and an array of luxury outdoor fabrics. The modular elements, together with the Pure lounge and cabana, can be combined as desired to create welcoming seating areas.

ILLUM

MERCKX & MAES

The Illum collection refines and reworks the essence of Scandinavian furniture design. The Belgian designers Merckx and Maes have created a line of finely proportioned pieces based on the pure and graceful curves of traditional wooden furniture. The collection is made of durable coated aluminium, allowing the designers to create a slender silhouette with a solid, weather-resistant metal.
